The Security Challenges of Car Dealerships

- **High-Value Inventory:** Vehicles on display are prime targets for theft and vandalism, making dealerships vulnerable.
- **Wide Open Spaces:** Large lots and showrooms are challenging to monitor effectively without advanced solutions.
- **Customer & Staff Safety:** Ensuring a safe experience for everyone on the premises is critical to maintaining a positive reputation.

How SCT+ Addresses Car Dealership Needs

SCT+ combines innovative AI technology and robust hardware to safeguard car dealerships against common security threats.

Intelligent Vehicle Surveillance

Track vehicle movements in real-time to prevent unauthorized test drives or access.

24/7 Remote Monitoring

Stay informed and in control, no matter where you are with smart alerts.

Solar-Powered, Portable Security

Deploy our rugged, solar-powered units for maximum coverage without the need for permanent installations.
